The Federation desires to sell its facilities and is requesting the Board agree to:

The Board approved the Applicant's Workforce Housing rezoning request on May 4, 2021. The rezoning application referenced 320 townhome units. At the public hearing, the Applicant represented that site conditions would limit development to 286 units and presented a site plan consistent with that representation. After rezoning approval and further engineering review, the Applicant has represented to staff that additional units, in the range of 309 to 311, are feasible based on updated flood zone information. The Applicant is maintaining the enhanced 35' buffer and fencing along the eastern boundary as represented at the public hearing. For timing and financial reasons, the Applicant desires to proceed with finalizing concurrency review based on 320 units, which has been the number provided throughout the application process. The proportionate fair share for Stokes Landing Townhomes is calculated to be \$225,989 as detailed in Exhibit B of the Agreement (PFS). The total proportionate share is required to be paid within two years of approval; however, payment is required prior to each Plat approval for the number of lots on each Plat. The Impact Fee Credit Reduction provision of the LDC applies to the calculated proportionate share amount resulting in a reduction of \$4,676 from the total road impact fee credit. Road impact fee credit in the amount of \$221,314 is included as a component of the Agreement to be awarded upon the County's receipt of the Cash Payment.

11. **Second Reading of a proposed ordinance that levies and imposes an additional one percent (1%) tourist development tax and amends, revises, and restates the County's Tourist Development Plan.** On March 2, 2021, in accordance with section 125.0104 of the Florida Statutes ("Local Option Tourist Development Act" or "Act"), the Board of County Commissioners directed the Tourist Development Council (TDC) to consider and offer a recommendation on levying an additional one percent (1%) tourist development tax. The Board further directed that the TDC provide a recommendation on a proposed allocation of the revenues. Subsequently, during its next three meetings on March 15, 2021, April 19, 2021, and May 17, 2021, the TDC discussed levying the additional one percent (1%) tourist development tax, a proposed allocation of the revenues, and additional changes to the County's current Tourist Development Plan. On May 17, 2021, by majority vote, the TDC recommended that the Board enact an ordinance levying an additional one percent (1%) tourist development tax, for a total County-wide rate of five percent (5%). The TDC further recommended that the Plan be amended and revised to allocate the revenues and to modify the categories of use as provided in the attached draft. Among the notable revisions to the categories of use is a proposal to change the name of the "Tourist Assets" category to "Beach Assets," and to consolidate all expenditures related to improving and maintaining local beaches within the category. At its last regularly scheduled meeting, the Board conducted its First Reading of the proposed ordinance, and directed Staff to make certain changes to the Plan, which are attached and highlighted for further review, discussion and consideration. For ease and convenience in reading, the Plan is provided separately; however, if approved, the Plan will be incorporated into the attached ordinance prior to enactment. As drafted, the ordinance levies an additional one percent (1%) tourist development tax, for a total County-wide rate of five percent (5%) and revises the Plan to allocate the revenues and to modify the categories of use. Among the notable revisions to the categories of use is a proposal to change the name of the "Tourist Assets" category to "Beach Management," and to consolidate all expenditures related to improving and maintaining local beaches within the category. Questions regarding proposed changes to the Plan may be directed to Tera Meeks, Tourism and Cultural Development Director, and questions regarding enactment of the ordinance or the Local Option Tourist Development Act may be directed to Regina D. Ross, Deputy County Attorney.

- 12. Fiscal Year 2022 Recommended Budget.** The annual County budget process requires a number of steps, ranging from its preparation through adoption. Florida Statutes (F.S. 129.03(3) and F.S. 200.065, Truth in Millage ("TRIM") requirements specify that a balanced Recommended Budget must be submitted to the Board of County Commissioners as the next step in the budget process. The Fiscal Year 2022 Recommended Budget has been balanced with expenditures and adequate reserves within each County fund equal to projected fund revenues. County Administration's Recommended Budget represents a funding level that can reasonably assure the achievement of St. Johns County's operational needs while minimizing the tax impact on its citizenry. A Fiscal Year 2022 Recommended Budget Workbook was provided to the County Commission on July 9, 2021. In addition, an electronic version of the workbook may be found on the County's website at: www.sjcfl.us/OMB. As part of their regular meeting on August 3, 2021, the County Commission will establish the tentative Millage rates for the County's TRIM mailing and establish a date, time and place of the first public hearing for the adoption of the Fiscal Year 2022 Annual Budget. This information is placed on Department of Revenue DR-420 forms and forwarded to the Property Appraiser. Those forms provide the basis for the "TRIM" notice mailed by the Property Appraiser to property owners in St. Johns County. For practical purposes, once the tentative Millage rates are set, they can still be decreased but not increased.
